Dr. Geri Berger, Principal · Dr. Brian T. Woods, Superintendent

Brandeis Parents—

The Brandeis staff is dedicated your child's safety. This year, we will continue to employ random "canine sweeps" throughout the campus.

The trainer and the dog will come to our campus a few times each month. We will not be aware when they are going to arrive. When the trainer and service dog arrive on campus, an administrator and campus police officer will accompany them. They will walk around the parking lot, lockers, and visit random classrooms.

When a classroom is searched, the administrator will ask the teacher and the students to step outside of the classroom. The dog will take about 5 minutes to go up and down the rows sniffing purses, backpacks, and coats.

Please be aware the dogs DO NOT search individual students.

Thank you for your support as we continue our efforts in keeping Brandeis a safe, learning environment.

Respectfully,

Cynthia Barrera

Vice-Principal
