

Brennan High School

STAAR EOC

May 1st Algebra I – 9th grade

May 3rd Biology – 9th grade

May 4th - U.S. History – 11th grade

Test Security Measures

The Texas Education Agency requires strict test security during all state testing administrations. In accordance with these policies, students are not allowed to have cell phones near them while testing. Student cell phones may be collected by the teacher prior to testing and returned once all students have completed testing. This includes items such as Apple watch or other wrist-worn items that can receive calls and text messages. All students are allowed four hours to complete the test. All restrooms and water breaks will be included in the four-hour time limit.

Be Prepared

Make sure your son or daughter gets plenty of rest the night before the test and eats a healthy breakfast. Students should dress in comfortable clothing. A sweater or jacket is recommended to accommodate for temperature fluctuations. Students should wear quiet shoes with rubber soles such as sneakers. Students are advised to bring extra reading materials to read once their test is completed.

Attendance Matters

Attendance on test dates is critical. Students who are not present on testing dates will take a makeup test on another date within the same week. If your son or daughter is ill, please do not send them to school. Please do not make appointments or sign your child out during the test.
