Accepted forms of payment include: cashier's check, money order, personal check, or company check.

Required Documentation:

- I have submitted all of the supporting documents required by the TSBPE (see Item #13 on the application).

PLEASE DO NOT SUBMIT THIS FORM if you already have a Plumber's Apprentice Registration that is current or has been for expired less than two years. Instead, please visit the "Online Services" section of our website to renew online or call the Licensing Department at 512-936-5248 to request a renewal form.

Limitations on Scope of Work Performed by Plumber's Apprentice: You may not work as a Plumber's Apprentice until this application has been approved and you have received your Plumber's Apprentice Registration pocket card. While you are registered as a Plumber's Apprentice, you may learn the plumbing trade by **ASSISTING** in the installation of plumbing while under the supervision of a Responsible Master Plumber (RMP) and the direct, on-the-job supervision of a licensed plumber. You may not perform plumbing work if another licensed plumber is not present on the jobsite with you or if you are working for an individual or company that has not secured the services of a RMP.

Renewal of Registration: Your initial Plumber's Apprentice Registration will be assigned a random expiration date. The expiration date is printed on the pocket card you will receive after your registration application is processed. You must renew your registration each year on or before the expiration date. A renewal notice will be mailed to the address you have on file with the TSBPE approximately ninety (90) days before your registration expires. It is your responsibility to make sure your current address is on file with the Board. Forgetting to update your address is not an excuse for failing to renew your registration on time.

Credit for Work Experience: When you apply to take the examination for a Tradesman Plumber-Limited or Journeyman Plumber License, or to register as a Residential Utilities Installer or Drain Cleaner, you must submit proof that you have the required number of hours of on-the-job work experience in the plumbing trade. **You will only receive credit for hours worked while you held a current (and not expired) Plumber's Apprentice Registration or current Tradesman Plumber-Limited License, if applicable.**

Employer Certification Form: Proof that you have the required number of hours of on-the-job work experience must be submitted on an Employer's Certification Form (ECF). The form is available at www.tsbpe.texas.gov under "Applications/Forms." The ECF must be signed and completed by the RMP for the company at the time you worked there or the licensee who supervised you on the job. It is your responsibility to request that the employer complete the ECF and to provide them with the form. The request must be in writing. Once you have made your request, the employer has thirty (30) days to complete the ECF and return it to you. **You are responsible for keeping track of all your ECFs until you have the required number of hours of work experience.** If you earned all of your hours working for the same employer, then you need to submit only one ECF. If you earned your hours working for more than one employer, you must submit a separate ECF from each employer. The TSBPE strongly recommends that you request an employer complete the Employer's Certification Form each time you end your employment with a particular employer.

Equal Opportunity Statement: The Texas State Board of Plumbing Examiners does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or provision of services.
