SUMMER ASSIGNMENTS

PRE-AP ENGLISH II

Read *Mythology* by Edith Hamilton.

AP WORLD HISTORY

Read and take notes on chapters 1 and 2 from the textbook. Understanding of chronology, important people/places, and relevance in the scope of the time period is expected in your notes. Textbooks should be available in July or at Prep Day, but you can also find a PDF copy of the first two chapters of your textbook by joining my Google Classroom. Use the Google Classroom code: **u291w26**. Remember, you are not attempting to re-write the textbook! Stick to the big ideas and know that becoming an accomplished reader and active note taker will be something we work on throughout the year.

PRE-AP CHEMISTRY

Review Classification of Matter and previous math skills. These skills should be a review from middle school science.

ALL summer assignment details will be available in June on the CAHS website.
