

### More Index Cards!

These are more examples of the Amazing Index cards. The DVD drawing case we carry with us everywhere in the car from the Drawing and Mandalas activity has come in handy over and over again! From restaurants to grandma's house, having colored pencils and index cards to draw on has been so much fun. (As you can see...) :)

Some of the things that have been created are; a yard, a train station, a town, a bowling alley, an ice skating rink, a pool (with snow cone stand), and lovely houses for two sweet mice. Military kids often times have many opportunities to practice keeping themselves entertained. Whether it's on long international flights, long car trips during a PCS, or waiting to get your ID card on base, things go so much better for everyone if kids can have a way to entertain themselves (and/or younger siblings too!).

Have fun and enjoy!
