A Note from the Principal....

Greetings Parents and Families of Anson Jones Middle School!

Welcome to the 2017-2018 School Year. Any student, even an academic star, will have trouble in middle school if they are not organized. Not having the homework or the tools to do it, or not knowing where anything is or when it is due, are serious setbacks. Being organized is crucial to being ready to learn. Help your child start the year off right with these tips:

- * **Help your child understand** why being organized is so important. They are more likely to get on

board if they see that being organized can help them.

- * **Choose places to put** belongings, especially those that get misplaced frequently. For example, schoolbooks and other materials for school the next day might be kept by the front door.
- * **Get a head start.** Prevent the morning “rush hour” by getting organized at night. Help your child review school papers for the next day.
- * **Have your child use their agenda.** They should be putting in important dates for

when assignments are due.

The year will be busy, exciting and hopefully very rewarding for each student!

Throughout the year our school website, calendars, newsletters, etc. will attempt to provide you with the most current information.

Thank you!
