San Antonio Performing Arts Program (for DHH Students)

Free

The purpose of Extended School Year Services is to address severe and substantial regression in children with The San Antonio Performing Arts Program is a 4-week intensive arts program where the students learn various styles of dance, mime, and sign songs, as well as acting and cinematography using iMovie and other tools related to film and editing. This program is open to all elementary, middle, and high school Deaf and Hard of Hearing (HOH) students in the San Antonio area. The students work alongside nationally acclaimed artists, dancers, and choreographers, all of whom are Deaf themselves. Lessons in leadership, creativity, and teamwork are key components in every aspect of the day. The purpose is to increase Deaf and Hard of hearing students' academic, social, and leadership abilities by improving their self-concept and self-esteem through the arts. Throughout these four weeks, students improve their skills in the eight content areas of the [Expanded Core Curriculum for DHH Students](#). Disabilities in one or more acquired critical skills that cannot be recouped within a reasonable period of time, not to exceed eight weeks.

Dates: 7/1/2024 - 7/26/2024 **Time:** 9:00 A.M. - 3:00 P.M.

Details:

Eligibility Requirements: Any Deaf and Hard of Hearing students in grades 3rd-12th grades can attend. To qualify for the program, each student must have a documented hearing loss and be able to follow a/your campus conduct code explained at the time of registration.

Location: Warren

Middle School Summer School Opportunities

Middle School Communication Applications

Free

The primary focus of Communication Applications (Comm Apps) is communication in professional and social contexts. In this class, students will develop a variety of skills that can be applied in many different situations. Some examples may include analyzing and evaluating the effectiveness of one's own and others' communication, as well as solving problems and managing conflicts.

Students will earn a 0.5 high school credit for Comm Apps, which satisfies the Speech credit that is an NISD requirement for graduation. Major benefits of early participation and success in high school courses are that students gain a sense of efficacy and an improved understanding of high school requirements such as Endorsements, GPA, and rank points. In addition, as transition efforts into high school are improved, students are better prepared with skills necessary for both high school and post-secondary success. Finally, entering high school with this credit provides space in a student's schedule in high school so that the students have an increased agility within the endorsements as well as opportunities to enroll in high-interest courses.

Dates: 6/11/2024 - 6/27/2024 (No Fridays) Time: 8:45 A.M. - 1:30 P.M.

Details:

Location: Connally and Luna

Transportation: Included

Meals: Breakfast, Lunch

Eligibility Requirements: Eligible 8th grade students. Please contact the middle school campus Academic Dean for additional information.

Hobby Health Science Magnet Camp

Free

6th Graders: The purpose of the Hobby Health Science Summer Experience is to connect students from all over the district using various activities linked to the Health Science curriculum. There will also be team building activities created to build lasting relationships to be carried over into the school year. Additional opportunities will be access and exposure to the Hobby Health Science Campus and High School HOSA students. The camp will be offered to all incoming 6th grade students with Hobby 6th grade teachers in charge of the students. The teachers will be supported by students from Health Careers and LMS. This will also provide an opportunity for Health Careers and LMS to begin building relationships with Hobby Magnet students.

7th Graders: The purpose of the Hobby Health Science Summer Experience is to work with incoming 7th graders on their leadership and team building skills. Team building activities will be embedded into Health Science activities to continue to inspire the love of Health Science while growing leaders on Campus. The Leadership camp will be offered to all incoming 7th grade students with Hobby 7th grade teachers in charge of the students. The teachers will be supported by students from Health Careers and LMS. This will continue to provide an opportunity for Health Careers and LMS to begin building relationships with Hobby Magnet students.

Accelerated Instruction

Free

The High School EOC Summer Accelerated Instruction (AI) is a supplemental program for students identified as at-risk according to the state's criteria, who have failed an EOC exam. The course is designed to strengthen skills and knowledge of the five (5) EOC-tested courses. Eighth-grade students who failed the Algebra I EOC are eligible to attend the AI high school program where they will enroll for the following school year. The accelerated curriculum is based on individual student prior performance on the EOC test disaggregated by performance standards. Additionally, each course uses unit pre-tests to target instruction considered necessary for greater success.

Dates: 6/10/2024 - 6/20/2024 Time: 8:30 A.M. - 4:00 P.M.

Details:

Transportation: Included

Meals: Breakfast, Lunch

Eligibility Requirements: Any student who is at-risk, educationally disadvantaged, Title I or a student with dyslexia, and has not yet passed one or more of the EOC tests for a course already taken.

Grade Level(s): 9th - 12th Grade

Registration: Please see your HS counselor.

High School Summer School Opportunities

High School ESL

Free

The summer school courses for high school English learners are taught by ESL-certified teachers. The classes will develop fundamental skills in English academic language, literacy, and social and leadership traits. Teachers will provide appropriate linguistic support that English learners need to be successful in required courses for graduation, college, and career. This summer learning opportunity is especially important to students who are over-aged and under-credited and came in late during the 2023-2024 school year. Summer school tuition will be waived for students enrolled in any course needed. High school counselors will work with ESL teachers and the LPAC to determine summer recommendations.

Dates: Session #1 6/17/2024 - 6/27/2024

Session #2 7/1/2024 - 7/11/2024

Time: Session 8:30 A.M. - 12:00 P.M.

Session 12:30 P.M. -4:00 P.M.

Details:
