Northside Independent School District's Club LT program is committed to enriching lives by encouraging academic and social success. The program offers opportunities for students to access academic, enrichment, social, and recreational experiences in an after-school environment that is safe and supervised.

Goals

The Club LT program is designed to meet the needs of middle school students and to support the goals and objectives of both Northside ISD and the Texas Education Agency. The Club LT program provides academic and enrichment activities, enhanced self-motivation, social skills, and improved study skills. We also strive to engage families by offering events on a variety of topics such as communication, parenting skills, and nutrition.

On a daily basis, students will be provided a snack, time to work on homework, and enrichment activities. Sample enrichment activities include:

- Project Based and Hands-On Activities
