Earl Warren & Construction Careers Academy Parents:

There are many great initiatives at Warren/CCA High School that we know will be important to you and your student. The Warren and CCA Staff are dedicated to your child's safety. School safety is an ongoing initiative that is always at the top of our priority list. As you know, we do many things at Warren/CCA to ensure that our students are learning in an environment that is positive. One of our resources that we consistently utilize to this end is the use of canine dogs on campus. This year, the dogs will be utilized to randomly search our PE dressing areas/locker-rooms, student restrooms, and classrooms. We will not be aware when they are going to arrive. When a classroom is going to be searched, the administrator will ask the teacher and the students to step outside the classroom and the dog will take about five minutes to go up and down the rows sniffing purses, backpacks, and coats. Please be aware that the dogs DO NOT search individual students.

Another successful program we are continuing this year is Campus Crime Stoppers. Campus Crime Stoppers allows students to call an administrator to report illegal activities on campus. This program is safe and student informants are kept completely anonymous. If a student reports a crime and it is solved, it may also qualify the student for a cash reward. Warren Campus Crime Stoppers is affiliated with San Antonio Crime Stoppers.

You are our partners in every way as we educate the students at Warren/CCA High School. Thank you for your support as we continue our efforts in keeping Warren/CCA a safe, learning environment.

Respectfully,

Valerie Sisk
